PERSONALISED CARE FOR INFANTS

At Little Griffins Nursery, our babies spend their days in a nurturing, tranquil, and stimulating setting. We collaborate closely with families to consistently adhere to each baby's personal routine, providing support with weaning, sleep schedules, and feeding.

Our partnership with parents extends to all aspects of feeding, including bottle feeding, pureed foods, or baby-led weaning. Each baby has their own designated cot and bedding to ensure they sleep peacefully.

Our caring staff is always ready to offer comfort whenever needed.

PLAY AND LEARN

At Little Griffins Nursery, we foster a dynamic environment where our youngest members are encouraged to explore and engage. Through a variety of toys, stimulating activities, and ample outdoor time, we support their early development. Our dedicated staff consistently talk and sing to the children, enhancing their language skills and helping them feel valued and understood.

Celebrating diversity is at the heart of our ethos. We introduce our children to the beauty of different cultures from an early age, enriching their educational experience. Our curriculum is carefully crafted to cater to individual interests, promoting independence, creativity, and critical thinking. This approach ensures a nurturing, inclusive, and stimulating educational journey for every child.

OUR TEAM

At Little Griffins Nursery, our team is at the heart of everything we do. Composed of experienced and passionate educators, our staff is committed to creating a warm, welcoming, and stimulating environment where every child can thrive.

Our educators bring a diverse range of backgrounds and expertise to the nursery, each with specialized training in early childhood education. They are dedicated to fostering a love of learning and exploration in all our young learners. Through personalised attention and tailored learning experiences, they nurture each child's individual development and well-being.
